

De-Stressing

1 **Spacious master suite that's secluded from other bedrooms** becomes your own private oasis to regroup from your busy and demanding life.

- **Boasting a walk in shower, two sinks, and a private water closet** the master bath provides a comforting and relaxing atmosphere.

2 **Bench with coat hooks** makes a smooth transition into the home, and a clutter busting way to store shoes, coats, and umbrellas.

- Unique angled entry with stacked windows highlights turned out stairs and feature niche.

Entertaining

- **Welcoming covered porch.** Plenty of room for the bistro set or the rocking chairs you always dreamt of.

1 **Open floor plan** ensures that no one is cutoff from any of the action.

Storing

- **Walk-in pantry** ensures plenty of storage for prepared foods, baking needs and small appliances.

1 **Walk-in closet in master suite** offers a lot of hanging space and stacks of shelves, to helping keep your clothes and your life organized. Don't forget to ask about closet maximization systems.

- **Loads of linen storage!** Separate linen closet for the master bath, one near the main bath ... and two coat closets down stairs.

2 **Roomy, 3-car garage affords extra storage.** From camping gear to garden tools and automotive supplies, you're sure to appreciate the storage afforded by this home's garage.

Flexible Living

1 **Option the flex room as a home office** or den or library, it can even be used as a formal dining room!
