Total 2002 Square Feet

Livability at a Glance™

De-Stressing

1 Generous master suite is well-separated from the other bedrooms, and becomes your own private place to retreat from your busy life.

- With two sinks, a private water closet, and a custom shower ... you will greet the day refreshed and ready.

- Relaxing whirlpool tub helps you unwind, add some fragrant soaps and candles for that spa feeling - at home!

2 Main level laundry with dry rod, laundry sink, and direct access to the master closet make wash day a breeze!

Entertaining

- Covered porch gets you out of the rain.

1 Open floor plan connects the kitchen and dinette with the huge great room, offers views throughout and enhances entertaining as everyone's connected.

- If you can overflow the house, extend the fun to the outdoors, a large deck or patio is a perfect place to BBQ or just chill.

- Split bedroom design ensures maximum separation of entertaining and bedrooms.

Storing

1 Corner walk-in pantry in kitchen with cabinet-style doors ensures plenty of storage for prepared foods, baking needs and house -hold goods. Have them always on hand!

2 Spacious walk-in closet in the master suite offers lots of hanging space, helping keep your clothes organized. Be

sure to ask about the available closet maximization systems.

- Large drop area has a coat closet, cabinets keep all of your keys and cell phones, a place to stash your shoes and hang your hats as you come home - and provides convenient access to the laundry and attached walk-in closet.

- Big 3-car garage for all of your garden tools, camping gear and sports equipment.

Flexible Living

1 Numerous uses for bedroom 3 ... use it for living space, as part of a larger guest suite. Or purpose it for a private den or library.

- Add doors to the entry and configure for use as a productive and professional home office.

- Or convert it to a formal dining room, by removing a few walls to open up the space.

- Decide how to use the huge lower level. If you can imagine it, we can help you make it a reality. A family room ... game room ... additional bedrooms. Or maybe a wet bar and lux media center. Everything you ever wanted in your home!
